## Our school initiatives are on track to meet or exceed our targets

During 2017, we focused on maximising the benefits of this funding for our students. After reviewing our 2017 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Building teacher capacity to deliver Balanced Literacy instruction
- Building staff capability to support the use of student preferred Augmentative and Alternative Communication systems
- Building staff capability in supporting student access to a quality curriculum through Aided Language Stimulation
